

International Workshop on Complex Analysis and Probability

To Honour the Retirement of Dr. Tom Carroll

Workshop Agenda

08.45 - Registration & welcome coffee/tea

09.20 - Opening Remarks

Prof Sarah Culloty - Head of College, SEFS
Dr Anca Mustata - Vice Head of School, SoMS

09.30 - Prof Michiel van den Berg, Bristol University

"On the torsion function for simply connected, open sets in \mathbb{R}^2 "

10:20 - Q and A - Chair, Dr Anca Mustata

10:30 Tea/Coffee break

11:00 - Prof Xavier Massaneda, Universitat de Barcelona

"Random separated sequences in the plane"

11:50 - Q and A - Chair, Dr Conall Kelly

12:00 Lunch break

13:30 - Prof Joaquin Ortega-Cerdà, Universitat de Barcelona

"Functions of bounded variation and point processes"

14:20 - Q and A chair - Chair, Dr Steve Wills

14:30 Cake and coffee and student presentation

15:00 - Prof Rodrigo Bañuelos, Purdue University, Indiana, US

"Discrete complex and harmonic analysis: probabilistic methods"

15:50 Q and A - Chair, Prof Robert Osburn

16:00 Closing remarks - Dr Linda Daly & Dr Kieran Mulchrone

16.15 - Finish

Please scan the QR
code for the details
of the event.

**Thursday
4th of June**

**08.45 -
16:15**

**North Wing
Council Room**
